

Town of Lysander
 Community Development Projects
 Consolidated Five-Year Plan
May 3, 2022

<u>PROJECT</u>	<u>Year of Application</u>
1. Mills Road Water District: The Town proposes to install new 8" water main and associated hydrants and valves to serve the residents on Mills Road and Biggs Grove with municipal water. Many of the home in the neighborhood are taking potable water for their homes directly from the Seneca River due to poor quality low yield ground water wells in the area. This project will provide reliable public water to a low income neighborhood of the Town. (\$150,000 project grant)	2022
2. Brundage Road Hot Mix Asphalt Paving: The Town proposes a hot mix asphalt mill and fill project on Brundage Road in the Radisson Corporate Park to maintain and increase economic opportunities in the Radisson Corporate Park for low income and disabled individuals. (\$50,000 project grant)	2022
3. McLane Road Hot Mix Asphalt Paving: The Town proposes a hot mix asphalt mill and fill project on McLane Road in the Radisson Corporate Park to maintain and increase economic opportunities in the Radisson Corporate Park for low income and disabled individuals. (\$50,000 project grant)	2023
4. Loop Road Hot Mix Asphalt Paving: The Town proposes a hot mix asphalt mill and fill project on Loop Road in the Radisson Corporate Park to maintain and increase economic opportunities in the Radisson Corporate Park for low income and disabled individuals. (\$50,000 project grant)	2024
5. Bilyeu Lane Hot Mix Asphalt Paving: The Town proposes a hot mix asphalt mill and fill project on Bilyeu Lane in the Radisson Community to maintain and increase economic opportunities for low income and disabled individuals living in the Radisson Community. (\$50,000 project grant)	2025
6. Town Office Parking Lot Paving: Resurfacing of the Town Office parking lot with hot mix asphalt pavement to improve access for low income and disabled residents.	2026
